Camden, NJ 08102

Dear Mr. and Mrs. Ewing:

I want to personally thank JAE Enterprises, Inc. for your help in assisting the Heat and Frost Insulators, Local 23 in obtaining \$250,000 through the State Energy Sector Partnerships Grant. As our first grant award in years, this is a momentous opportunity for us, and allows for the expansion of our Apprentice Program at a most critical time of need in the communities we serve.

We are extremely happy with your services, not only with the outcome, but also with the manner in which your team professionally handled the entire process. Within a limited time frame, JAE Enterprises, Inc. was able to produce results of the highest quality, and your team's patience and accommodating attitude made the process as pain free as possible.

Once again, we at the Heat and Frost Insulators, Local 23, would like to pass along our gratitude for your hard work and dedication in assisting our organization, and we look forward to utilizing your services in the future.

Sincerely,

John Unangst,
Apprenticeship Coordinator
