Jolene A. Ewing
JAE Enterprises, Inc.
110 Pennsylvania Avenue
Oreland, PA 19075

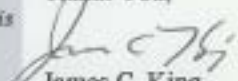

Mrs. Ewing,

Your team at JAE Enterprises has helped us attain much more than we could have ever achieved without your grant writing and fundraising expertise. You have helped us make a difference in the lives of at-risk inner-city youth. Your staff has assisted us in the meticulous creation of our program designs and has written successful grants that have brought in the funds necessary to implement our programs. JAE Enterprises has been instrumental to our development as a non-profit organization.

These services were provided to us with thoroughness, timeliness and skill. Your staff displayed such dedication to our success and persistence in their attempts to obtain resources for our non-profit organization. We are very impressed with the services you have provided us. Your company's efforts allowed us to exceed our expected grant receipts by 20%

We were also excited to welcome JAE Enterprises into our school to teach our students through the Youth Entrepreneurship Program you helped to develop, fund and implement. We all looked forward to your visits, as your employees arrive bursting with enthusiasm. Our students and staff appreciate the positive attitude you bring. We are so grateful that you have enabled us to offer services to children in need.

Thank You,

James C. King
HOPE Charter School
