Jolene A. Ewing
JAE Enterprises, Inc.
110 Pennsylvania Avenue
Oreland, PA 19075

Dear Jolene,

We are thankful for the many opportunities created for us by JAE Enterprises. We are very impressed with the services your consultants have provided us. The staff at JAE Enterprises has taken great care in tailoring their services to the unique aspects of our organization. The strength of their abilities as grant writers and consultants to our church and after school program has enabled us to grow and improve beyond our expectations. In addition to expertly writing and submitting grant proposals, JAE Enterprises has provided us with comprehensive consulting services and has assisted us with funding source location and follow-up procedures.

Thanks to the expertise of your grant writers at JAE Enterprises, St. Philip's has been approved for over \$137,000 from seven funding sources in the past eight months. We are thrilled by the success rate for grants you have submitted, which has been an unbelievable 70 percent.

We have experienced nothing but excellent, professional services from JAE Enterprises. We are grateful for all the assistance we have received and look forward to more great successes in the future.

Sincerely,

Rev. William and Nancy Wolfe
