Dear Mr. and Mrs. Ewing:

Touch New Jersey cannot begin to describe how thankful we are for your services to our organization and to the city of Camden. As a Compassion Capital Fund Capacity Building awardee, your training and technical assistance has been invaluable to the development of our organization and to our ability to further our mission of helping to alleviate poverty. Your knowledge and expertise that you have passed along to our organization will continue to have an impact for years to come.

We are extremely excited to be working with you again this year through the Camden Capacity Building Initiative, and are looking forward to learning more from your experiences in the field. Our award will help us in developing a strategic plan, obtaining necessary equipment, and positioning our organization to acquire additional grant funding. This is a huge boost to our organization as we progress even further in carrying out our mission.

For the past two years we have witnessed your tireless dedication to the nonprofits of Camden serving the low-income and working poor. Once again we are thankful for all of your contributions to our organization, and we look forward to a life-long relationship.

Sincerely,

Debbie Realey
Executive Director

Our Mission: To help alleviate poverty by providing food and resources to individuals and families in need.
